## SPECIAL OFFER ON JUVEDERM TREATMENTS™

So smooth and natural, everyone will notice (but no one will know). Call us for a complimentary Juvederm™ consultation and for a limited time only, you will receive \$50 off your Juvederm™ treatment.

*Before After*

What Is JUVÉDERM™ Injectable Gel? As we age, our skin changes. Over time, the natural volume of youthful skin begins to diminish as wrinkles and folds form. But, with Juvéderm™ injectable gel, you don't have to just sit back and let it happen!

Juvéderm™ is a smooth consistency gel made of hyaluronic acid—a naturally occurring substance in your skin that helps to add volume and hydration. Juvéderm™ injectable gel instantly restores your skin's volume and smoothes away facial wrinkles and folds, like your “smile lines” or “parentheses” (nasolabial folds - the creases that run from the bottom of your nose to the corners of your mouth).
