

**Sculptra®** Purchase 2 bottles of Sculptra® and receive  
injectable poly-L-lactic acid the 3rd bottle free! (a \$1000 savings)

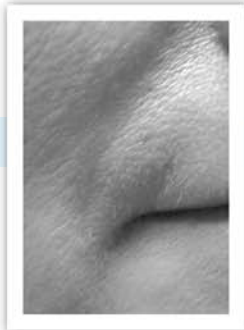

Sculptra® is a long lasting treatment approved by the FDA for restoration and/or correction of the signs of facial fat loss.

Facial fat loss, or lipoatrophy, is the loss of fat beneath the skin, which can result in sunken cheeks, indentations, and hollow eyes. Sculptra® is a safe, synthetic, and biocompatible material that is injected below the surface of the skin in the area of fat loss. It provides a gradual and significant increase in skin thickness, improving the appearance of folds and sunken areas.
